

The East Gippsland Rainforest Conservation Management Network (EGRCMN)  
cordially invite you to the launch of

# Bill Peel's Rainforest Restoration Manual for South-Eastern Australia

Listen to Bill and guest speaker **Rob Gell** (coastal geomorphologist and president of Greening Australia) marvel about the importance of rainforests and our coasts.

Venue: East Gippsland Shire Offices, Palmers Road,  
Lakes Entrance

Date: Saturday 4 December 2010

Time: 1.00 – 3.00pm

Following the launch, an afternoon tea made with a variety of native foods will be provided.

Copies of the book will be available for purchase.

Please RSVP to [facilitator@egrainforest.org.au](mailto:facilitator@egrainforest.org.au) by 29 November 2010.

*Rainforest Restoration Manual for South-Eastern Australia* is the definitive guide to the recovery and restoration of various rainforest types found in East Gippsland. Rainforests were inherently rare prior to settlement: and today with depletion, feral animals, weeds and climate change, all are threatened – with many listed under state and federal legislation.

Many occur on private property.

EAST GIPPSLAND  
CATCHMENT  
MANAGEMENT  
AUTHORITY

This book launch has been made possible through the assistance of:

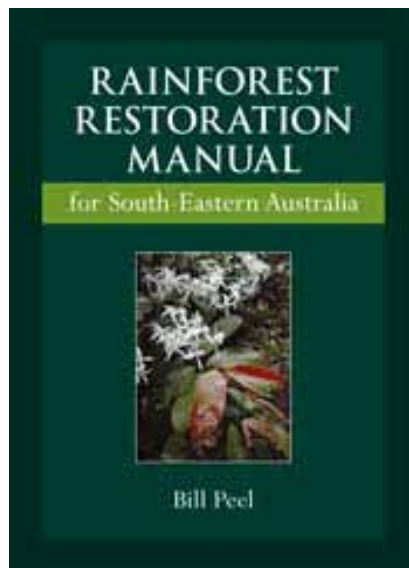

East Gippsland Rainforest Conservation Management Network,

East Gippsland Shire Council,

CSIRO

and the Seafarers Multicultural Festival Lakes Entrance

The East Gippsland Catchment Management Authority is acknowledged as the principal funding source for the book.

The manual presents detailed restoration methods in 10 easy-to-follow steps, documenting the research and trials undertaken during rainforest restoration over more than two decades. These experiments and their results will empower readers to uncover answers to many of the problems they could encounter.

It is relevant for land managers, students, agency staff and volunteers involved in restoration – and anyone with an interest in our natural environment.
